Module Clamps

The ISYS product range has been developed by our engineers to meet the worldwide requirements of an efficient assembly system.

In addition to high quality materials and an ergonomic design, the main criterion was the range of short assembly times.

Oberhauser Bau-Systeme combines high-quality materials, well thought-out design and customer-oriented thinking to **"efficiency in detail"**.

- ✓ All components available separately
- ✓ High quality materials, very long shelf life cycles
- ✓ Sturdy construction, designed for high load
- ✓ Short assembly times, thanks to EASY system
- ✓ Universally applicable
